PURPOSE: The GISSC shall aim to ensure that: (a) the DC GIS is developed and maintained to achieve its full potential in providing digital maps, geographic based information, and GIS applications to enhance the planning, decision making, and business processes of District government agencies, and to provide value to the citizens of the District of Columbia; (b) all mapping and GIS activities in the District government are cost effective, interoperable, and integrated with the DC GIS; and (c) the DC GIS is used effectively within District government.

3.   SCOPE AND FUNCTIONS: The GISSC will meet, coordinate, form sub-groups, and promulgate binding directives to: (a) provide a centrally organized authority to assist OCTO in carrying out its mandate to develop and enforce policy directives and standards regarding information technology throughout the District government, pursuant to § 1813 of the Office of the Chief Technology Officer Establishment Act of 1998, effective March 26, 1999 (D.C. The GISSC may opt to include non-District government organizations and individuals as non-voting members of sub-groups.

5. DEPARTMENT AND AGENCY RESPONSIBILITIES: District government departments and agencies shall follow the directives of the GISSC with regard to any and all activities that may involve or impact the DC GIS. This may include, but not be limited to, assigning resources, changing processes, maintaining and providing data, building and enhancing databases, purchasing and upgrading hardware and software, developing applications, providing training, hiring personnel, refraining and desisting from duplicative, non-cost effective, or non-interoperable GIS or mapping activities, transferring functions and projects to other agencies, following specified procedures, standards, and protocols, adhering to specified schedules, submitting requests for initiating GIS or mapping projects and activities, and serving on sub-groups of the GISSC or as members of the GISSC. All District departments and agencies shall coordinate with OCTO on all GIS or mapping development activities, applications, and procurements, and shall take corrective action to bring into compliance any elements or activities that OCTO or the GISSC deem to be not in compliance with standards for the DC GIS.
